PRODUCT DESCRIPTION

Designer: Lodes

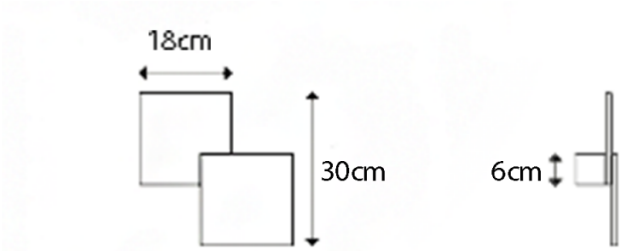

Lodes Puzzle Square Double LED Wall / Ceiling Light

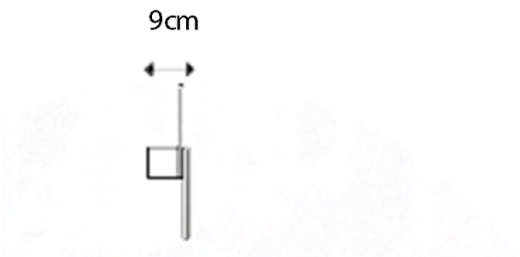

The Puzzle Double Square LED Wall / Ceiling Light features clean, geometric lines for a minimal and contemporary design. Its aluminium body houses a 15W LED light source, configured to facilitate heat dispersion. The Puzzle Double Square is compatible with either a wall or a ceiling. Its versatile form can be displayed at a multitude of angles for highly personalised light effects, while the bold Matte White or Matte Black finishes add to the design's contemporary aesthetic.

When illuminated, the inside of the Puzzle acts as a mirror, amplifying the reflection of light onto the surrounding surface. This indirect glow creates harmonious and soothing ambient lighting. The light temperature is available in either 2700K or 3000K to suit any setting. Install in multiples, lining the length of a hallway or staircase to provide uniform lighting. Display with the **Puzzle Square Single Light** for a personalised composition that perfectly matches its environment.
