PRODUCT DESCRIPTION

Designer: Michele Groppi

Davide Groppi Vis à Vis Portable LED Table Lamp

Davide Groppi Vis à Vis Portable LED Table Lamp was designed by Michele Groppi in 2023. Vis-a-Vis is a rechargeable LED lamp which provides direct downward light. The transparent base is attached to a magnetic disc head which gives a refractive effect. Groppi decided to take away from the structure of the lamp, by making it transparent, to seek only the light source. This magical, illusional lamp has been awarded an Archiproducts Design Award in 2023.

Vis à Vis Portable LED Table Lamp is a unique and innovative Table Lamp which stands at 20.5cm making Vis à Vis ideal for setting an atmosphere at the dinner table. This Portable LED Table Lamp has a battery life of approximately nine hours and is available in two different colour temperature options: 2700k or 3000k. In 2024, the Davide Groppi Vis à Vis Lamp was awarded the Elle Deco International Design Award, voted by the 25 Editors in Chief of the Elle Decoration international network, the EDIDA recognise global excellence in the design world.

PRODUCT SPECIFICATION

Light Source: 2W, 2700K, 167 Lumens
OR

2W, 3000K, 180 Lumens

IP Code: 20

Dimming: Integrated on/off switch on product

Dimensions: Base Diameter: Ø 5cm
Diameter: Ø 30cm
Height: 20.5cm
