PRODUCT DESCRIPTION

Designer: Rodolfo Dordoni

Foscarini Chapeaux M LED Table Lamp

The Foscarini Chapeaux M LED Table Lamp was created by Italian designer Rodolfo Dordoni and boasts a unique silhouette. The minimalistic architect and designer created this table lamp using mouth-blown glass for the base and aluminium for the shade which is then sprayed to finish in a range of colours. The light source is located within the shade and therefore exposes the wire through the glass body, adding an industrial feel to the design.

When Chapeaux is switched off, the glass body almost becomes invisible but reappears once turned back on. The geometric shade projects the illumination downwards and results in a cosy pocket of light that can be utilised in a range of interiors. The Foscarini Chapeaux M LED Table Lamp is a refined and elegant lamp, capable of changing personality thanks to the three colourways: ochre, grey and dark red.

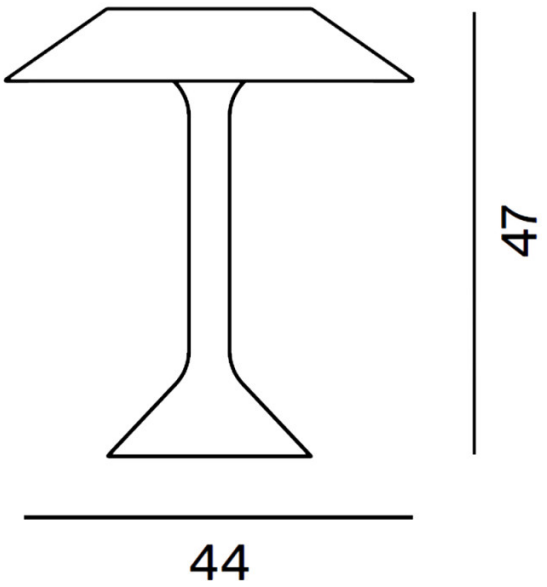

PRODUCT SPECIFICATION

Light Source: 8W, 2700K, 920 Lumens

IP Code: 20

Dimming: In-line on/off switch on cable.

Dimensions: Shade: Ø44cm
Height: 47cm
Cable Length: 155cm
