PRODUCT DESCRIPTION

Designer: Bert Frank Design Team

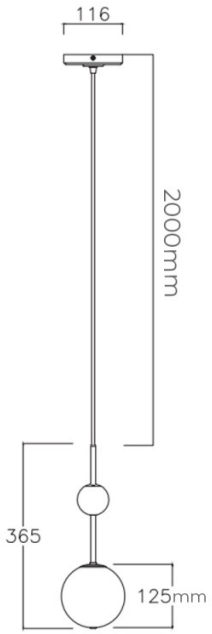

Bert Frank Rift Pendant

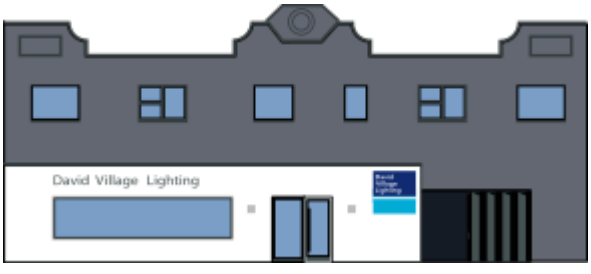

The Bert Frank Rift Pendant is a slender and elegant hanging lamp, combining a clean and crisp design with high-quality materials. The spherical glass diffuser not only produces a calming ambient glow but also perfectly compliments the brushed brass detailing. The Rift Pendant can also be easily dimmed to personalise the ambience of your room.

This design by Bert Frank's in-house design team plays with form and balance, adding a unique touch to your interior. It can be displayed individually or hung in linear rows or clusters for larger spaces that require a dramatic touch. Rift can easily adapt to a vast array of contemporary interiors in residential and commercial spaces. It's a beautiful centrepiece above dining tables, bedside tables, kitchen counters and islands, shop or cafe counters and bars.
