Bert Frank Shear Floor Lamp

The Bert Frank Shear Floor Lamp is the only lighting solution in the collection that offers numerous light sources. This elegant and timeless lighting solution has functionality at the heart of its design. The shades are available in either a black, white or oxblood finish with warm brass stems and detailing, the brushed finish on each inner shade produces a soft, warm light and the arms can be easily rotated, tilted and extended so the shades can be positioned exactly where light is required.

Although a striking centrepiece, the Bert Frank Shear Floor Lamp doesn't overwhelm the space. It is a great addition to living rooms, dining spaces and even entryways, similarly, it can be utilised in the commercial sector in restaurants, bars, hotel lobbies, offices and libraries.

The Shear Floor Lamp can also be provided with a satin nickel or dark bronze structure, please contact us for more information and pricing.
