PRODUCT DESCRIPTION

Designer: George NelsonHAY Nelson Lantern Bubble
Pendant

HAY Nelson Lantern Bubble Pendant was designed by George Nelson, an American designer who used Swedish inspiration for this sophisticated pendant. Nelson saw a set of Swedish silk-covered orb pendants that he wanted for his office but later discovered the lights were costly and unavailable. Afterwards, Nelson decided to use his resources to create a more available and affordable alternative. Instead of the silk used on the original, he decided to go with a spray-on polymer webbing material that when sprayed on a lightweight steel frame, creates these iconic glowing ceiling lights that appear to float mid-air. From this shade, Nelson earned the position of an influential figure in an early period of modern design.

Lantern Bubble Pendant creates an ambient glow when switched on and a striking visual element when switched off. Thoughtfully designed, this minimalistic off-white Lantern Pendant can be featured in both a residential and commercial setting for a timeless element. The [Nelson Bubble Collection](#) consists of a variety of shapes and patterns.

PRODUCT SPECIFICATION

Light Source: 1x Max 8W E27 LED (Excluded)**IP Code:** 20**Dimming:** Dimmable via mains phase dimming.**Dimensions:** Diameter: Ø28cm
Height: 26.5cm
Cable: 300cm
