PRODUCT DESCRIPTION

Designer: Verner Panton

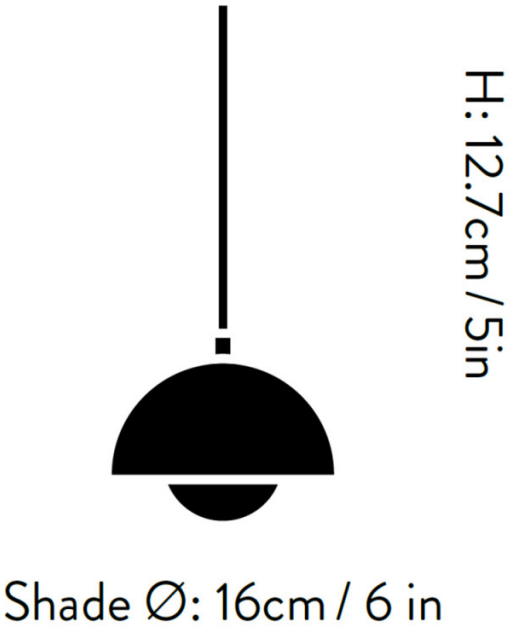

&Tradition Flowerpot VP10 Pendant

The &Tradition VP10 is the smallest pendant in the **Flowerpot Collection**, designed for smaller spaces. Measuring 16cm in diameter and with a height of 12.7cm, the VP10 Pendant boasts the versatility to fit a wide range of environments, regardless of size. Designer Verner Panton believed that colours have meaning and function, a philosophy that led to the bold colourways available for the VP10. With 19 finishes to choose from, users can add a splash of colour and a playful personality to their home.

The VP10 features a minimal silhouette formed of two hemispherical shades. The lower shade is half the size of the upper, allowing it to conceal the light source for a glare-free illumination. This soft, ambient glow adds a cosy and inviting atmosphere to the surrounding room. Display above a dining room table or kitchen island to illuminate the surface below while adding a vibrant focal point to the room. In commercial spaces, the VP10 suits the restaurants, cafes, and boutiques, creating a welcoming atmosphere with a lively personality.
