PRODUCT DESCRIPTION

Designer: Jaime Hayon

&Tradition Montera JH42 Table Lamp

Designed by Jaime Hayon, the &Tradition Montera Table Lamp is an excellent fusion of the old and the new. The design pays homage to Spanish culture and is a celebration of Hayon's heritage. Inspiration for the lamp was drawn from a stack of Spanish postcards discovered by Hyaon, and the name and silhouette derive from a bullfighter's hat. The Montera Table Lamp is available in two playful finishes that add a burst of colour to any interior. The structure features a built-in solid brass dimmer that allows you to personalise the lighting output to suit your needs.

The &Tradition Montera Table Lamp is a unique way to blend the past and the present while curating a vibrant corner in your interior. It is a perfect addition to kitchens, bedrooms, living spaces and bookcases, providing an ambient yet functional downlight. The Montera's shade can be supplied as a spare part if repair is needed, and all components can be disassembled and responsibly recycled at the end of life.
