&Tradition Montera JH42 Table Lamp

Designed by Jaime Hayon, the &Tradition Montera table lamp is an excellent fusion of the old and the new. The design pays homage to Spanish culture and is a celebration of Hayon's heritage, the inspiration was drawn from a stack of Spanish postcards discovered by Hyaon and the name and silhouette derive from the hat of a bullfighter. The Montera Table Lamp is available in two playful finishes and adds a burst of colour to a range of interiors. The structure utilises a built-in solid brass dimmer that allows you to personalise the lighting output to suit your needs.

The &Tradition Montera Table Lamp is a unique way to blend the past and the present and curate a vibrant corner in your interior. It is a perfect addition to kitchens, bedrooms, living spaces and bookcases and provides an ambient but functional downlight. The shade of the Montera can be supplied as a spare part if repair is needed, and all components can be disassembled and responsibly recycled at the end of life.
