PRODUCT DESCRIPTION

Designer: Arturo Alvarez

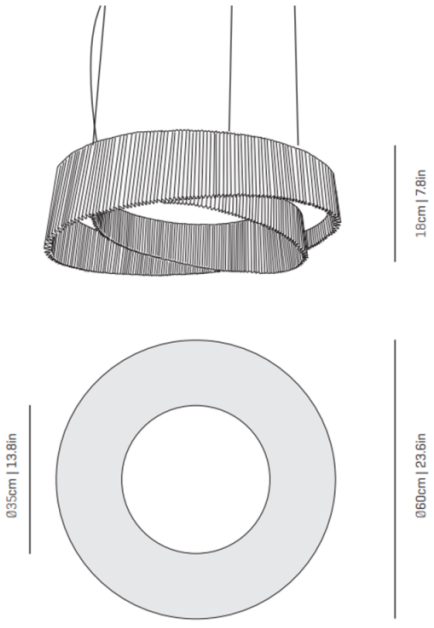

a-emotional light Anel An04 LED Pendant

Anel An04 LED Pendant was created by award-winning Spanish designer, Arturo Alvarez. This pendant is a striking visual feature made from Alvarez's signature painted stainless steel mesh, SIMETECH®. SIMETECH® is easy to cut, fold, and mould into shape, allowing for freedom of design when creating the pendant. It is also durable and easy to clean with a damp cloth. Two steel mesh cylinders enclose the light source and form concentric circles. Anel allows light to trickle through the mesh as well as offering evenly dispersed downward light which makes the Anel An04 perfect for installing above surfaces such as a dining table.

a-emotional light Anel An04 Pendant is suitable for both residential and commercial settings. Anel An04 Pendant is also available in a ceiling light version: **a-emotional light Anel An05 Ceiling Light** which when paired together, creates a beautifully aesthetically pleasing display.
