PRODUCT DESCRIPTION

Designer: Broberg & Ridderstråle

Pholc Apollo Pendant

Pholc Apollo Pendant was designed by Stockholm duo, Broberg & Ridderstråle in 2018. Together, the creative pair strive to add an emotional value to their designs that communicate with the users by recognising symbols and meanings. Their inspiration is drawn from everyday life, a rational approach, and a pinch of wit. Apollo Pendants have a distinctive character due to their variety of colours. The conical-shaped shade balances below the bottom of the aluminium stem like a spinning gyro.

Apollo Pendants are available in three different sizes which can be hung independently or arranged in a cluster at varying heights for a striking visual ensemble. An excellent choice for commercial settings such as galleries, a hotel lobby or as a centre-piece over reception desks. Also, suitable for residential settings, such as a cluster in a stairwell or above a kitchen island. **Pholc Apollo collection** consists of two different shaped pendants, a wall light and a floor lamp.

PRODUCT SPECIFICATION

Light Source: **39** 1x Max 7W LED GU10 (Excluded)

59 1x Max 10W LED GU10 (Excluded)

79 1x Max 20W LED GU9 (Excluded)
