PRODUCT DESCRIPTION

Designer: George Nelson

HAY Nelson Bell Bubble Pendant

Designed by George Nelson in 1947, the HAY Nelson Bell Bubble Pendant is a distinctive mid-century design inspired by traditional silk-covered Swedish lamps. Nelson reimagined the look using a lightweight steel-wire frame covered with a translucent webbed polymer, creating a sculptural shade that feels soft, airy and timeless.

The large bell-shaped shade diffuses light evenly through the polymer surface, producing a warm, ambient glow rather than a direct beam. The comfortable atmosphere produced makes it ideal for use above dining tables, in living rooms, entrance halls, stairwells and commercial interiors. The Nelson Bell Bubble Pendant boasts a generous scale that works especially well in rooms with height or open space. Its off-white shade, coated and brushed metal detailing, and simple suspension allow it to act as a statement feature while still feeling calm and understated.

PRODUCT SPECIFICATION

Light Source:	1x Max 13W E27 LED (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Ø106.5cm Height: 73.5cm Cable: 300cm
