PRODUCT DESCRIPTION

Designer: George Nelson

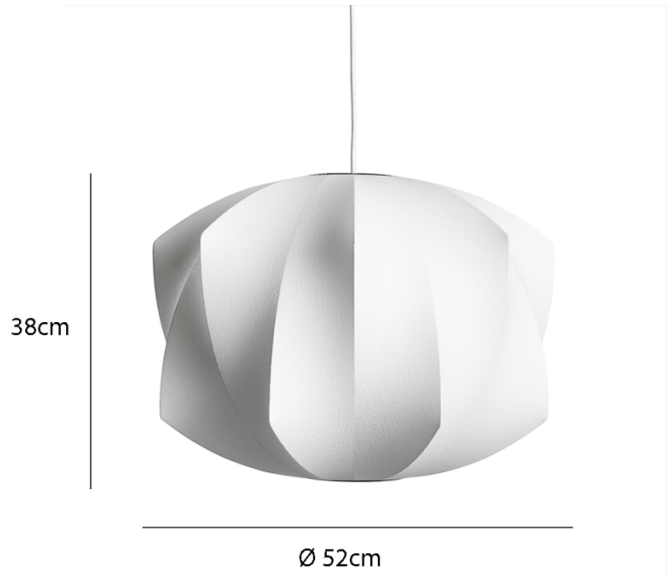

HAY Nelson Propeller Bubble Pendant

The HAY Nelson Propeller Bubble Pendant was designed by George Nelson in 1947. Its clean, minimal form was inspired by a set of Swedish silk-covered lamps that captivated Nelson, though they were both costly and difficult to source. In response, he developed his own interpretation using a spray-on webbed polymer over a metal skeleton frame, creating a lightweight, sculptural light for his home and office.

When illuminated, the Nelson Propeller Bubble Pendant casts a warm, ambient glow. When switched off, it remains a striking visual feature. Thoughtfully designed in an off-white finish, the Nelson Propeller Bubble Pendant offers a timeless aesthetic that suits both residential and commercial interiors. The wider **Nelson Bubble Collection** includes a variety of pendant shapes, along with a coordinating wall lamp.

PRODUCT SPECIFICATION

Light Source:	1 x Max 13W E27 LED (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Ø52cm Height: 38cm Cable Length: 300cm
