PRODUCT DESCRIPTION

Designer: Naoto Fukasawa

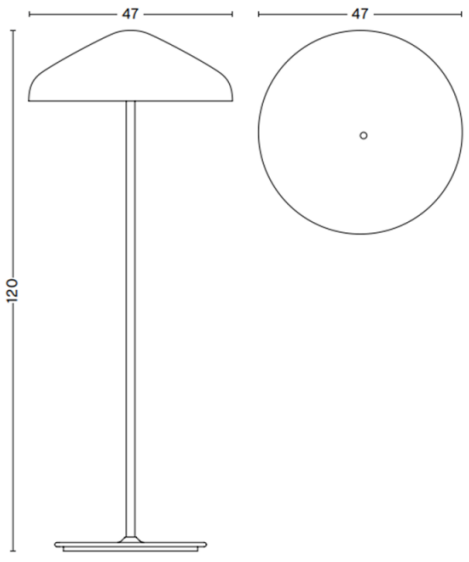

HAY Pao Glass LED Floor Lamp

HAY Pao Glass LED Floor Lamp has been created by Japanese designer Naoto Fukasawa. Fukasawa drew inspiration from the gentle and radiant form of the customary Mongolian Pao tents. With a modest and simple aesthetic, the Pao blends seamlessly into its surroundings, evoking feelings of serenity. The sturdy steel base, sleek stand, and opal glass shade create a striking contrast of materials for a captivating visual feature.

The Pao Glass LED Floor Lamp comes equipped with an integrated LED light, which can be adjusted to three different brightness levels using an in-line dimmer switch. The opal shade diffuses light, creating a warm glow and inviting atmosphere. The lamp's functionality and deliberate simplicity of design make it suitable for a wide range of spaces in domestic and corporate settings alike. Display with other pieces from the **Pao Collection** to create a balanced composition with a sense of calm.
