PRODUCT DESCRIPTION

Designer: Naoto Fukasawa

HAY Pao Glass LED Floor Lamp

HAY Pao Glass LED Floor Lamp has been created by Japanese designer Naoto Fukasawa. The Pao Glass Floor Lamp is inspired by the gentle and radiant form of the customary Mongolian Pao tents. Designed by Fukasawa, the lamp has a modest and simple aesthetic that allows it to blend seamlessly into its surroundings. This beautiful object is perfect for everyday use and creates a harmonious atmosphere. Pao Glass Floor Lamp is composed of a sturdy steel base, a sleek stand, and an opal glass shade that renders it an eye-catching piece of decor. A striking visual feature that provides warm and cosy illumination that can easily adapt to your lighting needs.

Pao Glass LED Floor Lamp comes equipped with an integrated LED light, which can be adjusted to three different brightness levels using an in-line dimmer switch. The lamp's functionality and deliberate simplicity of design make it suitable for a wide range of spaces and use in domestic and corporate environments. Pao Glass LED Floor Lamp is also available in a steel shade version: [HAY Pao Steel LED Floor Lamp](#).
