HAY Matin Pendant

The HAY Matin Pendant was created by French designer Inga Sempé in 2024. Inspired by the ribbon shops of Paris, Sempé's design reflects the city's beauty through delicate pleats and a carefully selected colour palette. Its shade creates an inviting atmosphere and, with a choice of three sizes and eight colour variants, it adds a splash of colour that fits any space. Hung from a 400cm cotton braided cable, the Matin Pendant has been designed to add a touch of personality to any environment. This versatile shade can be featured in both residential and commercial spaces.

The Matin Pendant emits a soft ambient glow whilst the pleated cotton shade conceals the bulb and beautifully diffuses the light into the surroundings. It has an elegant, ornamental appearance when installed individually, and, when displayed in clusters, makes a striking and eye-catching statement. The **Matin Collection** includes two different table lamp options, a floor lamp, a wall/ceiling light and a wall light. Display together to create a cohesive theme throughout the home.
