HAY Matin Pendant

HAY Matin Pendant was created by French designer, Inga Sempé in 2024. Inspired by the ribbon shops of Paris, Sempé's design reflects the city's beauty through delicate pleats and a carefully selected colour palette. Its shade brings an inviting atmosphere to most rooms and comes in three sizes and eight colour options. Hung from a 400cm cotton braided cable, the Matin Pendant has been designed to add a touch of colour to any environment. This versatile shade can be featured in both residential and commercial spaces.

Matin Pendant emits a soft ambient glow whilst the pleated cotton shade conceals the bulb and beautifully diffuses the light into the surroundings. The Matin pendant is bold and contemporary individually, however, when clustered with others above a kitchen island, this light can make a striking statement. [Matin Collection](#) also consists of two different table lamp options, a floor lamp, a wall/ceiling light and a wall light.
