PRODUCT DESCRIPTION

Designer: Sofie Refer

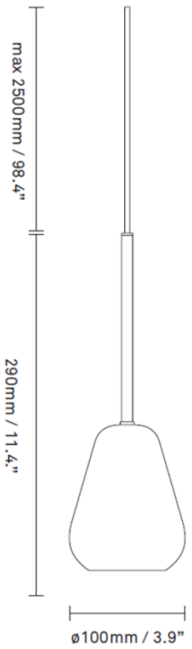

Nuura Anoli Spot Pendant

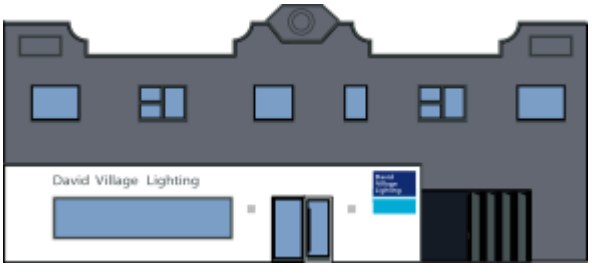

Nuura Anoli Spot Pendant was designed by Sofie Refer, a Danish lighting designer who studied at the Royal Danish Academy of Fine Arts Schools of Architecture, Design and Conservation. Anoli Spot Pendant was designed to maximise space and minimise shadows, allowing illumination where needed the most. Refer created this pendant to add a touch of sophistication and luxury in residential and commercial environments, hung alone or in a cluster above a table or kitchen island.

Nuura Anoli Spot Pendant is available in two colour choices: black and white with brass detailing. Both colours have a standard 250cm cable, in matching black for the black option or brass for the white option, suspended from a white ceiling canopy. For more information regarding the canopy colour, please **contact us**.
