Davide Groppi Post Prandium LED Portable

Davide Groppi Post Prandium LED Portable was inspired during a meal with friends: "a ladle is reused to scoop up the light and serve it on the table". Originally, this chrome lamp was designed with a cable; however, the design has been updated to be portable. The versatile lamp can also be used as a functional downward light when working on a task. This design boasts a perfect balance between minimalism and playfulness, and its sleek silhouette elevates the aesthetics of any table. It adds a touch of whimsy to your space, making it a perfect centrepiece for any occasion.

Davide Groppi's Post Prandium LED Portable is perfect for kitchen and dining spaces in both residential and commercial settings. Thanks to the innovative revamp, the lamp was awarded the Archiproducts Design Award in 2023. The Post Prandium is a unique dining light that can last up to 9 hours on a single charge, providing bright and clear illumination to enhance your dining experience. With its long battery life, you can enjoy your meals without worrying about the light running out.

PRODUCT SPECIFICATION

Light Source:	2W, 3000K, 1711 Lumens
