## PRODUCT DESCRIPTION

**Designer:** Davide Groppi

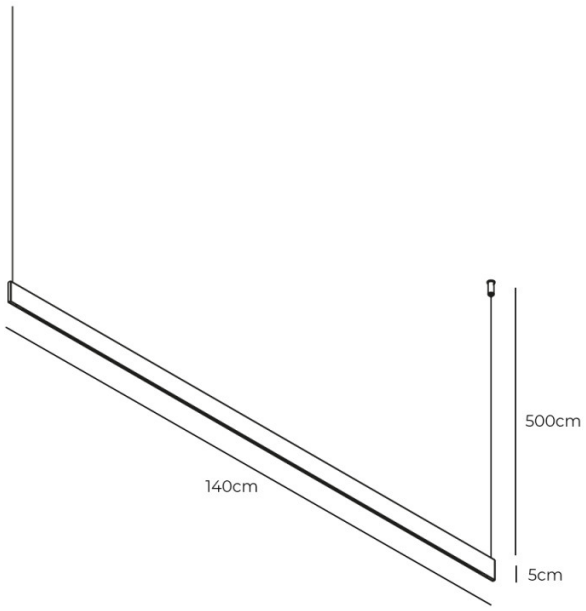

### Davide Groppi Sottile LED Suspension

The Davide Groppi Sottile Suspension is a pure depiction of illumination, described as a blade of light. The structure is a mere 7mm thick and suspended from nylon cables. Sottile produces an essential LED downlight that is evenly spread along the length of the silhouette, making it perfect for above kitchen islands, dining tables, workspaces, and reception desks. Thanks to the sleek and minimal black finish, the Sottile can swiftly adapt to almost any contemporary interior, whilst the light emission produces a dramatic effect.

The Sottile Suspension is provided with a singular downlight as standard, but can also be supplied as a dual emission luminaire, providing a unique feature in your space and a more overall glow. Similarly, this design also allows you to choose between two colour temperatures, depending on what your space requires - either a 2700K (warm white) output or 3000K (warmest white).

## PRODUCT SPECIFICATION

| | |
|---|---|
| **Light Source:** | **2700K:** 22W, 2700K, 1692 Lumens<br>**3000K:** 22W, 3000K, 1855 Lumens |
