PRODUCT DESCRIPTION

Designer: Davide Groppi

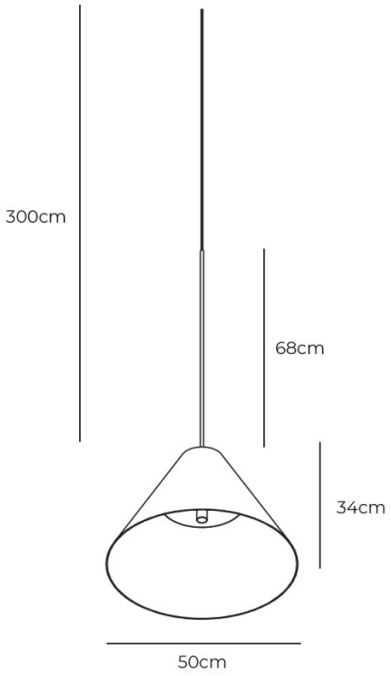

Davide Groppi Sottosopra LED Pendant

Davide Groppi Sottosopra LED Pendant was designed in 2023. Sottosopra produces direct and indirect diffused warm white light simultaneously created by a small light machine tucked away inside the shade. The cone shade is suspended from a 68cm drop cable, allowing the perfect amount of light to be cast over a dining table or in a cluster over a kitchen island. Wonderfully efficient, Sottosopra has a pure and elegant aesthetic which is perfect in both commercial and residential environments.

Sottosopra LED Pendant is a stunning piece of innovative design by Davide Groppi, showcasing his remarkable expertise. The pendant's matte white colourway provides a visually stunning and strikingly simplistic appearance, adding a touch of modern refinement to any space it illuminates.
