PRODUCT DESCRIPTION

Designer: Bernhardt & Vella

Fabbian Amulette Art Pendant

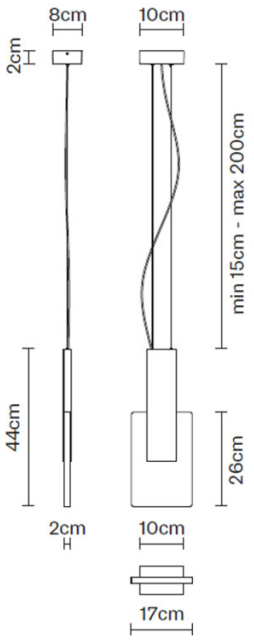

The Fabbian Amulette Art LED Pendant was designed by Bernhardt & Vella, who spent time studying the unique effects that LED light produces when penetrating a polished cast crystal plate. The result is an elegant and refined downlight that adds a unique touch to any room it is displayed. Amulette Art boasts a geometric silhouette, consisting of a crystal plate with hammered edges that is set in a metal structure - available in 3 subtle finishes (Anthracite, Satin Gold, or Satin Rose Gold).

The Amulette Art Pendant is an exquisite addition to almost any contemporary interior and produces a captivating focused downlight onto the surface below. For this reason, it is a perfect addition to dining rooms and kitchens. It can also be an intricate lighting solution for commercial settings such as above shop counters, restaurants, cafes and bars as well as hotel lobbies and bedrooms.

The Fabbian Amulette Art Pendant is also available with a colour temperature of 3000K. Please contact us for more information and pricing.
