Originally launched in 2005, the [Fritz Hansen Caravaggio](#) and [Caravaggio Read](#) collections were designed by Cecilie Manz for Fritz Hansen. Since their original appearance, the Caravaggio pendants have become a design icon, instantly recognisable everywhere. A simple, yet timeless design with a metal bell shaded shade in aluminium or glass finish. Glare is prevented by the depth of the shade, no matter how high up in the room it's placed. The opening at the top of the shade illuminates both the cord and the suspension.

The Caravaggio pendant lights are suspended by a textile, coloured cord that adds a finishing touch. Suitable for large rooms, high ceilings in public as well as private environments. The feminine lines of the shade contradict with the masculine technology of the suspension. The Caravaggio pendant is available in 4 sizes, from P0 being the smallest to the largest P3. You can select between 7 colour options with gloss or matt finishes.
