PRODUCT DESCRIPTION

Designer: Timo Ripatti

Axolight Manifesto LED Ceiling / Wall Light

Designed by Timo Ripatti, the Axolight Manifesto Ceiling/Wall Light is an example of abstract design. A creative play of shapes and colours, Manifesto utilises a 3D structure that protrudes from the wall and generates an indirect LED illumination. Light escapes the physical boundaries of the fixture, trying to contain it, and traces the ultra-physical perimeter of the object by casting a circular halo.

With a clear neoplasticist influence, this lighting solution creates a cosy and inviting atmosphere, and when turned off, it resembles a sculptural work of art displayed in your interior. The Axolight Manifesto Ceiling/Wall Light is available in a wide range of finishes and can adapt to a range of contemporary spaces - in both the residential and commercial sectors. It is a great addition to hallways, lobbies, dining rooms, restaurants, bars and cafes.

The Axolight Manifesto Ceiling/Wall Light can also be supplied with a colour temperature of 3000K, please contact us for more information and pricing.

As well as Black, White, Earth Red, and Mirrored Steel, the Manifesto Wall Light is available in 12 additional bold finishes. Please contact us for more information.

PRODUCT SPECIFICATION

Light Source:	24W, 2700K, 1818 Lumens
IP Code:	20
Dimming:	Dimmable via 1-10V/Push to make dimming systems. Please consult your electrician; additional wiring may be required.
Dimensions:	Width: 61cm Height: 61cm Depth: 8cm
