PRODUCT DESCRIPTION

Designer: Gabetti & Isola

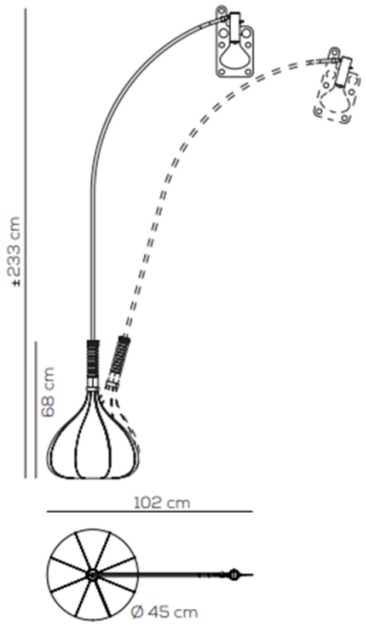

Axolight Bul-Bo LED Floor Lamp

The Bul-Bo LED Floor Lamp was designed by the Gabetti & Isola architectural design company. Gabetti & Isola created the series for the Olivetti Residential Centre in Ivrea between 1968 and 1971. Designed during a time marked by rebellion against conventions, the Bul-Bo was manufactured to be functional, with playful and ironic qualities. 50 years after the original was produced, Axolight reintroduced the iconic lamp, adding contemporary elements while maintaining the original aesthetic.

The Bul-Bo Floor Lamp is available in two finishes: Polished Aluminium and Black. These sleek finishes, paired with the lamp's sleek silhouette, create a timeless appeal, suiting a wide range of interiors. The integrated LED casts a bright beam of light, perfect for working by. Display above a table, sofa, or desk to add functional lighting to the room, while the lamp's eccentric design will add a bold personality to any space.
