Axolight Bul-Bo LED Table Lamp

The Bul-Bo Table Lamp is deeply linked to the original idea of the **Bul-Bo Floor Lamp**. Originally designed between 1968 and 1971, the Bul-Bo is a playful lamp with ironic qualities, influenced by the rebellious times in which it was created. The Bul-Bo Table Lamp is a re-edition of the iconic lamp, bringing with it a second generation of ideas. The lamp maintains the same quirky profile and instantly recognisable silhouette, while boasting modern, user-friendly additions.

A touch-dimmer on the base allows users to easily adjust light intensity to suit any environment. When lit, the integrated LED emitted a wide beam of directed light, perfect for reading or working by. This functional lighting makes the Bul-Bo Table Lamp well-suited to office spaces, tables, or beside a sofa. The sleek tones of the Bul-Bo complement its timeless aesthetic and allow it to blend seamlessly into a wide range of interiors. Display throughout the home, or with other pieces from the **Bul-Bo Collection**, to add a touch of eccentricity to any space.

The Bul-Bo Table Lamp is also available in an Intense Black finish. Please Contact us for more information.
