PRODUCT DESCRIPTION

Designer: Lambert & Fils

Lambert & Fils Sainte LED Pendant

The Lambert & Fils Sainte Pendant is a unique and contemporary design created in collaboration with Canadian designer Rachel Bussin. Sainte utilises clean minimalistic lines and consists of lightweight glass panels that house an aluminium lightbox, this lightbox can be flipped around, allowing it to cast light up or down depending on your desired atmosphere. It is suspended by nylon ribbon cable which is available in either a black or beige finish.

Whether displayed individually or in groups, this pendant light creates a sense of intimacy and its tones and textures unearth a cosy but intriguing ambience. The Lambert & Fils Sainte is a sleek and modern lighting solution that provides ambient illumination for kitchens, dining spaces, living rooms and large contemporary interiors in a range of sectors. A beautiful addition to hotels, restaurants, bars and reception areas.
