PRODUCT DESCRIPTION

Designer: Lambert & Fils

Lambert & Fils Clark LED Suspension

Lambert & Fils designed the Clark LED Suspension to push limits without sacrificing functionality. Clark's brass shade is cut and folded over the LED light source to create a downward light-reflecting effect. This structure allows the LED to rebound off the brass to create a golden glow. The Clarks LED tips are made of marble to anchor the lamp and provide a contemporary element. This suspension's rich materials and subtle use of angles seamlessly blend elegance and playfulness.

Lambert & Fils Clark LED Suspension has been designed to embellish both commercial and residential environments with its high-quality brass shade and marble detailing. The design is a tribute to the meticulous attention to detail and unwavering pledge to quality.

PRODUCT SPECIFICATION

Light Source: 45W, 2700K, 2880 Lumens

IP Code: 20

Dimming: Dimmable via mains phase dimming.

Dimensions: Length: 117.5cm
Height: 20cm
Width: 41cm
Cable Length: 304cm
