Davide Groppi Moon Table Lamp

Designed by Davide Groppi, the Moon Table Lamp features a Japanese paper shade and a gold metal base. The design is made to resemble a luminous moon, with the idea of bringing the night sky indoors. Each lamp is handmade, meaning every creation is unique. A traditional-looking lamp, but with a creative modern twist.

This oriental-inspired lighting solution produces functional ambient lighting that can be easily dimmed via an in-line dimmer on the cable. This allows you to personalise your room's ambience and create an environment that suits you and your needs. It is a beautiful lamp for side tables, hallways, bedrooms and reading nooks. The collection is widened with the availability of a **Moon Suspension Light**.
