Fritz Hansen Clam Table Lamp

Drawing inspiration from the form of a seashell, the Fritz Hansen Clam Table Lamp features a mouth-blown opal glass shade and an untreated brass stem. The resulting product is a timeless ambient lighting solution which can be used in a range of settings. This table lamp resembles a luminous pearl, a timeless aesthetic that illuminates spaces with mood-enhancing light. Designed by Ahm & Lund, the Clam Table Lamp features a seamless twist-switch at the base in textured brass, allowing you to easily turn the lamp on and off.

Clam works beautifully as a reading lamp in a home office or as a sculptural addition to living spaces and dining spaces. It can be displayed individually or combined with other products in the collection for a cohesive interior. It is also a beautiful addition to larger commercial interiors such as hotels, bars, restaurants, libraries and galleries.
