Fritz Hansen Clam Floor Lamp

Designed by Danish design duo Ahm & Lund and inspired by the shape of an organic seashell, the Clam Floor Lamp is an elegant and timeless ambient lighting solution. The form of the Fritz Hansen Clam is crafted from an untreated brass stem that will subtly patina over time and an opal glass diffuser - the result is a functional contemporary design which provides a mood-enhancing illumination.

The Fritz Hansen Clam Floor Lamp is a beautiful addition to dining and lounge areas, as well as other areas of relaxation. It can create a cosy corner for reading, an ambient glow whilst catching up with friends or even a perfect glow while preparing dinner. Similarly, this floor lamp can also be utilised in commercial settings such as in hotels, restaurants, bars and reception areas.
