PRODUCT DESCRIPTION

Designer: ByMars

AGO Cirkus Wall Light

A playful design by BYMARS, the AGO Cirkus Wall Light utilises the u-shaped silhouette, seen throughout the collection, that appears to float in mid-air. The illumination is emitted downwards, providing functional but inviting lighting. The Cirkus Wall Light is available in four finishes; Charcoal, Green, Grey or Terracotta, and can adapt to a range of modern spaces.

Cirkus expertly combines Korean and Scandinavian design, utilising geometric shapes and soft curves to generate a minimalistic lighting solution. These refined forms can be displayed individually in smaller spaces such as bedside tables or in multiples to fill larger spaces such as hallways, reception areas or entryways. The AGO Cirkus Wall Light is a beautiful way to brighten up both residential and commercial interiors.
