PRODUCT DESCRIPTION

Designer: ByMars

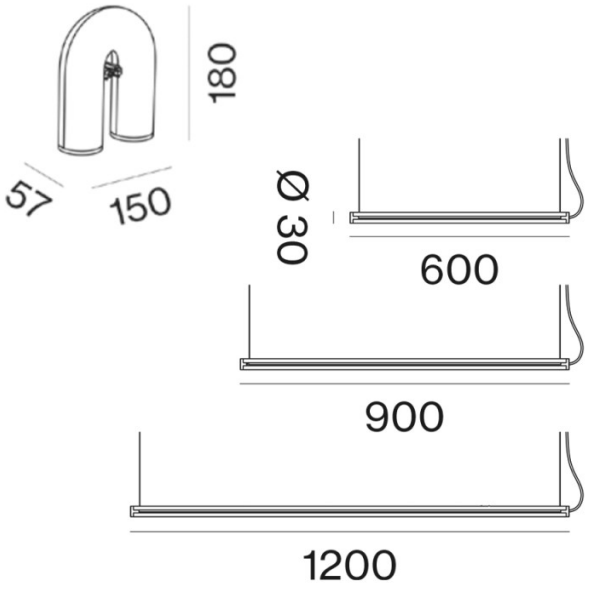

AGO Cirkus Modular Track

A personable addition to the Cirkus collection, the AGO Cirkus Track Modular consists of a black linear structure that houses the u-shaped lighting modules. Designed by ByMars, the Cirkus Track utilises refined forms and allows you to create a lighting solution that suits your interior flawlessly, choose the number of light sources as well as their finish in order to generate your perfect luminaire.

The lighting modules of the AGO Cirkus Track Modular are available in Black, Grey, Green or Terracotta and each utilises two light sources, the result is a functional but relaxing directional downlight that works as ambient task lighting. This playful centrepiece can easily adapt to a range of spaces but is an exceptional addition to dining rooms, above kitchen islands and countertops, over workspaces and even in reception areas and entryways.
