Kartell Teresa Table Lamp

The Kartell Teresa Table Lamp is a 2024 release in collaboration with Ferruccio Laviani. Boasting a unique form, Teresa utilises a curved silhouette to resemble the unfurling of petals, and the available colourways add a touch of spring to your interior. Teresa casts a warm ambience over your area, immediately welcoming you into the space and creating a unique presence.

The Teresa Table Lamp represents a leap forward in the exploration of design concepts and industrial production techniques in the lighting industry. Crafted from batch-dyed recycled PMMA, this table lamp is available in white, black, black & white, burgundy, and taupe diffuser colours. For the Salone del Mobile 2024, Teresa is released in a limited edition colour selection including Amber, Light Blue, Petroleum, and Mauve.

Please Note: This table lamp comes with a cable and plug, so must be placed near a socket.
