PRODUCT DESCRIPTION

Designer: Nordlux

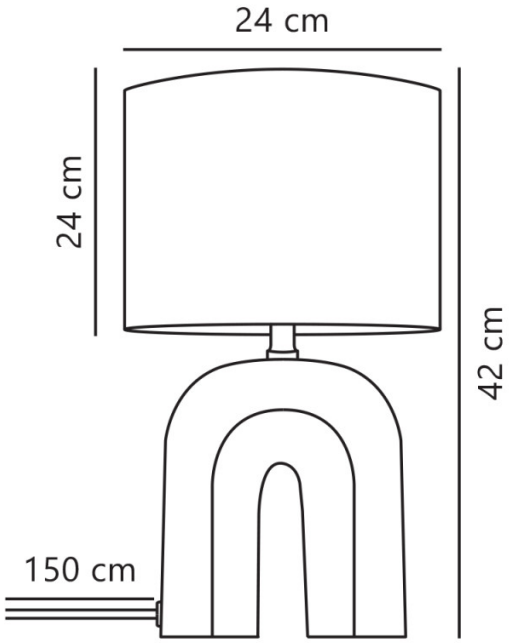

Nordlux Haze Table Lamp

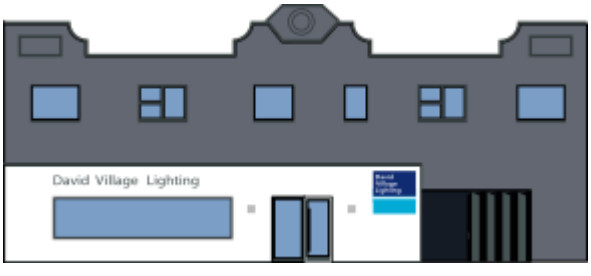

The Nordlux Haze Table Lamp is a soft design that can adapt to a multitude of interiors. It features a curved ceramic base, which resembles a rainbow, and a delicate linen shade - both following a neutral beige aesthetic. The result is a cosy illumination which creates a warm and inviting interior, casting a relaxing glow across the nearby area. Although the Haze Table Lamp is non-dimmable it features an easy-to-access switch on the cable which allows you a simple way to turn the luminaire from ambient accent lighting to a striking art piece.

Haze is a functional lamp with a decorative touch and can easily adapt to almost any room in your home, it is an exceptionally beautiful addition to living rooms, bedrooms and hallways. Similarly, it can add a beautiful atmosphere to commercial environments such as restaurants and cafes.
