PRODUCT DESCRIPTION

Designer: Jonas Wagell

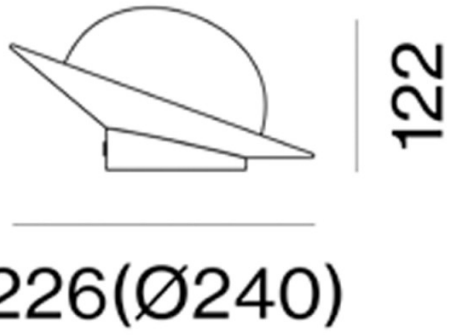

AGO Alley Table Tilt LED Lamp

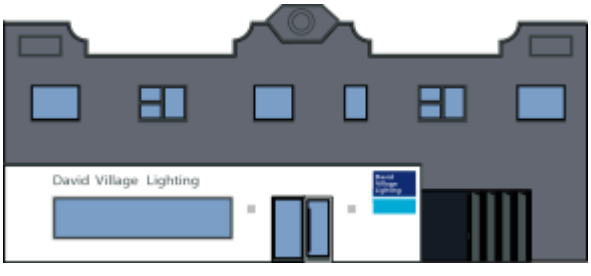

AGO Alley Table Tilt LED Lamp was created by designer and architect Jonas Wagell. The Alley Table Tilt LED Lamp is a minimalistic lighting solution that adds bright colour to any location. Available in six bold colourways that can be featured in commercial and residential spaces, each table lamp is constructed from an opaline glass orb attached to a powder-coated aluminium shade. Its rich materials and subtle use of angles seamlessly blend playfulness with sophistication. Add a fun element to your décor with this Alley Table Tilt LED Lamp.

AGO Alley Table Tilt LED Lamp is an example of a contemporary design that emits a comfortable glow and is ideal for bedside tables. The **Alley collection** also includes a wall lamp and a pendant, elevating the environment to a new level when incorporated together.
