PRODUCT DESCRIPTION

Designer: Nordlux

Nordlux Allie Pendant

Providing functional ambient lighting, the Nordlux Allie Pendant draws inspiration from nature, specifically utilising the form of a mushroom for the shape of the shade - this shade is crafted from rattan which is woven around a metal structure. Allie constructs beautiful light and shadow play due to the gaps in the shade and perfectly brightens up any interior.

The Nordlux Allie Pendant creates a cosy and inviting ambience whilst adding a touch of nature to your space. It can be suspended individually or in multiples for larger spaces, and the open space at the bottom of the lamp shade allows a small amount of focused downlight to escape, making it perfect for display above side tables, bedside tables or even dining room tables.
