PRODUCT DESCRIPTION

Designer: Jacob Jensen Design

Nordlux Aludra Outdoor Wall Light

A durable exterior lighting solution, the Nordlux Aludra is a highly versatile lighting solution designed by Jacob Jensen. The Aludra Outdoor Wall Light boasts a compact sculptural silhouette that is available in two sizes; with either a single light source or a double. The structure is crafted from aluminium with a polycarbonate diffuser and is available in three neutral finishes. All of which are protected from the elements and are designed to withstand even the harshest weather conditions - including in coastal settings.

The Nordlux Aludra Outdoor Wall Light provides a welcoming ambient illumination for your gardens and exterior entryways, thanks to the slats in the aluminium shade, this lighting solution creates beautiful light and shadow effects. This wall light can be utilised individually or installed in multiples for larger settings, it can adapt to a range of styles, providing functional accent lighting.

Please Note: The Nordlux Aludra is suited for harsh-weather environments such as coastal areas and includes a 10 year guarantee on surface deterioration.
