PRODUCT DESCRIPTION

Designer: CTO Lighting

CTO Lighting Artes LED Pendant

CTO Lighting Artes LED Pendant was designed in-house by the remarkable craftsmanship of the experts. Artes LED Pendant is an architectural beam of light fused with premium materials such as bronze, satin brass and honed alabaster creating an elegant pendant. Hung from a 135cm drop, Artes can be displayed independently or displayed in a cluster for an aesthetically pleasing feature. These timeless alabaster pendants can be featured in both a commercial and a residential setting.

Artes LED Pendants are available in two sophisticated colourways: bronze and brass. This minimalistic-looking pendant uses a modern lighting solution that utilises LED technology and produces a direct downward illumination to enhance your space, perfect above a kitchen table or island. The **Artes collection** also includes a different pendant version, a wall light and a floor lamp.

Please Note: Due to the natural variations in the glass diffuser, the light output of each product will vary.

PRODUCT SPECIFICATION
