PRODUCT DESCRIPTION

Designer: CTO Lighting

CTO Lighting Artes LED Floor Lamp

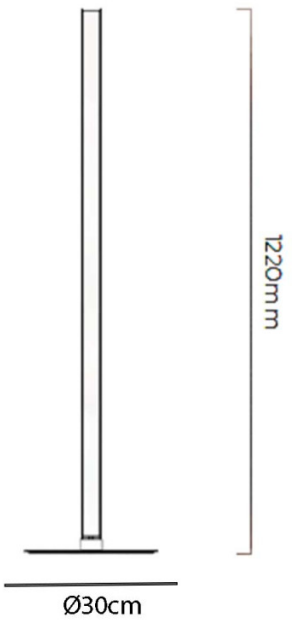

CTO Lighting Artes LED Floor Lamp was designed by CTO's in-house design team. This classical-style floor lamp utilises modern LED technology which is housed inside the alabaster shade and emits a warm glow. Artes LED Floor Lamp is constructed from rich materials such as natural alabaster stone, bronze and brass, giving a sophisticated aesthetic to any residential or commercial setting.

Artes LED Floor Lamp is available in two classic colours: brass and bronze. The Artes LED floor light can be situated on its own to striking effect positioned next to an armchair, sofas and desks, or combined with the whole Artes family for a decorative statement. The **Artes collection** also includes two different pendant versions and a wall light.

Please Note: Due to the natural variations in the glass diffuser, the light output of each product will vary.
