PRODUCT DESCRIPTION

Designer: CTO Lighting

CTO Lighting Nimbus Wall Light

The CTO Lighting Nimbus Wall Light is a modern take on a traditional form, combining a hand-crafted circular fritted glass diffuser with sleek metal detailing. Nimbus reflects and diffuses light through its organic glass disc, creating mesmerising illumination that can be utilised in a variety of interiors. This elegant lighting solution is available in two finishes, Brass or Bronze, and can be displayed individually or in pairs.

The Nimbus Wall Lamp generates a warm illumination that is softly diffused through the glass; creating a cosy and inviting atmosphere that is perfect for bedrooms, dining areas, hallways and reading nooks. Its slim silhouette allows the Nimbus to adapt to even tighter spaces, remaining unobtrusive without impacting the lighting output.
