PRODUCT DESCRIPTION

Designer: CTO Lighting

CTO Lighting Lucid Pendant

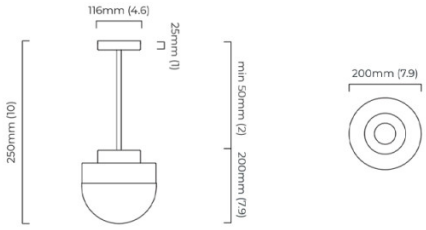

The CTO Lighting Lucid Pendant Light combines high-quality materials with a refined silhouette. The design was inspired by the luxurious Brasseries in Paris and is available in three finishes; Brass, Bronze or Oxidised Silvered Brass. Each of these finishes utilises the elegant alabaster diffuser, that houses the light source and results in a warm and inviting luminance. The illumination emanates light from beneath the surface of the natural stone, highlighting the unique veining. The light source can be easily dimmed to personalise the ambience of your interior.

This pendant is a striking yet elegant design, available in two sizes which can be displayed individually or combined to create a unique installation. This ambient lighting solution is a perfect way to brighten up dining tables, kitchen islands, countertops, bars and reception desks. The Lucid Pendant Light can be utilised in both residential and commercial interiors, adding a luxurious feel to your environment.

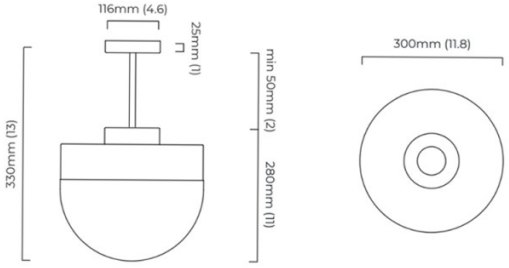

PRODUCT SPECIFICATION
