PRODUCT DESCRIPTION

Designer: CTO Lighting

CTO Lighting Lucid Ceiling / Wall Light

The CTO Lighting Lucid Ceiling/Wall Light is a refined lighting solution which combines high-quality material with inviting illumination. This wall or ceiling-mounted lamp features an alabaster diffuser that is mounted onto a solid metal base, the light source emanates from beneath the surface of the natural stone, highlighting its unique veining and casting a warm glow onto the surrounding area. The Lucid Ceiling/Wall Light can be easily dimmed in order to personalise the ambience of your space and can be displayed either individually or in rows of multiples for longer stretches of space.

This luxurious wall light is perfect for adding a touch of opulence to your interior, and due to its unobtrusive nature, it is a perfect solution for hallways and corridors. Similarly, Lucid makes a beautiful bedside reading lamp or as a way to illuminate cosy corners, living rooms, kitchens and dining areas.
