CTO Lighting Gaia Tall Wall Light

CTO Lighting Gaia Tall Wall Light has been carefully created with precision engineering, enabling them to cast light from the wall seamlessly throughout the room. The meticulous attention to detail, combined with the handblown glass shades, gives Gaia Tall Wall Light its distinct elegance and sophistication. Gaia Tall Wall Light have a compact structure which makes them versatile for use in almost any scale of interior, particularly suited for spaces with a narrow profile. Whether it is a residential or commercial establishment, Gaia Tall Wall Light's refined design and high-end finish make it stand out and add a touch of elegance to any interior. Gaia Tall Wall Lights can be featured in multiples for creative placements and can be mounted facing upwards or downwards.

Gaia Tall Wall Light comes in two structural colours, bronze and brass, and is attached to a light source. The glass globe shades are available in opaline or smoked glass, providing excellent variety to match your space.
