PRODUCT DESCRIPTION

Designer: Tala Lighting

Tala Shore Table Lamp

Crafted from recycled glass and inspired by the form of a classic lightbulb, the Tala Shore Table Lamp is a compact and stylish ambient lighting solution. The body of the lamp is available in three varying finishes, using different glasses to achieve this outcome. Sea Green captures the mix of green and blue glass shards found scattered among pebbles on the beach, while Smoke Grey mixes the silvery-white tones in reclaimed bottles and the dark glass stones found among shingles and sand. Bottle Brown references the rich amber hues found in apothecary jars or centuries-old brandy bottles found on the sea floor.

The Shore Table Lamp utilises a spherical matte white bulb which emits a soft illumination that can be controlled via an in-line dimmer. Thanks to the dim to warm technology you can also control the colour temperature of the Shore illumination. This sustainable lighting solution can provide an inviting atmosphere to a wide range of interiors including children's bedrooms, home offices and living rooms.

PRODUCT SPECIFICATION

Light Source:	1 x Max 6W LED E27 (included)
IP Code:	20
Dimming:	In-line dimmer included on cable.
Dimensions:	Diffuser: Ø9.5cm Height: 22.5cm Cable Length: 300cm
