PRODUCT DESCRIPTION

Designer: Boris Klimek

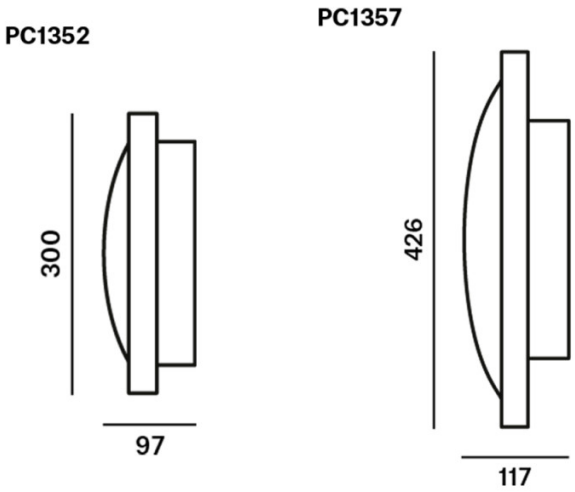

Brokis Convex LED Ceiling / Wall Light

Designed by Boris Klimek, the Brokis Convex LED Ceiling / Wall Light is an innovative piece that elevates contemporary interiors with its sculptural form and refined materials. Made from Brokisglass, upcycled crushed glass shards, this light features a distinctive convex lens shape that beautifully diffuses light to create a warm, ambient glow. The minimalist duraluminium body and metal mounting bracket ensure a sleek, modern aesthetic while offering versatile mounting options for walls or ceilings.

Available in two sizes and finishes, Clear Triplex Opal and a Grey-to-Clear Triplex Opal gradient, the Convex Ceiling / Wall Light houses an integrated LED with warm 2700K light, boasting a high CRI of 90+. Dimmable via compatible systems, this fixture blends artful design with practical functionality for living rooms, bedrooms, hallways, entrances, and commercial spaces like hotels and offices.
