PRODUCT DESCRIPTION

Designer: CTO Lighting

CTO Lighting Ring Table Lamp

The CTO Lighting Ring Table Lamp was designed by the brand's in-house team who found inspiration in chiaroscuro, the art of combining contrasting light and shadows to generate a dramatic aesthetic. Crafted by skilled artisans this table lamp combines a bronze or brass base and an elegant silk shade, expertly diffusing the concealed light source and creating a relaxing ambience. The diffused illumination highlights the space between the rings that make up the base and adds a dramatic sculptural effect to the light.

Even when turned off the CTO Lighting Ring Table Lamp resembles a sculptural piece of art in your interior. The Ring Table Lamp is a versatile lighting solution which can be used in both residential and commercial environments, it makes an exceptional light for living rooms, hallways, dining spaces and bedrooms and truly makes a statement in interiors in the hospitality sector, especially in bars restaurants and hotels.
