PRODUCT DESCRIPTION

Designer: Jens Fager

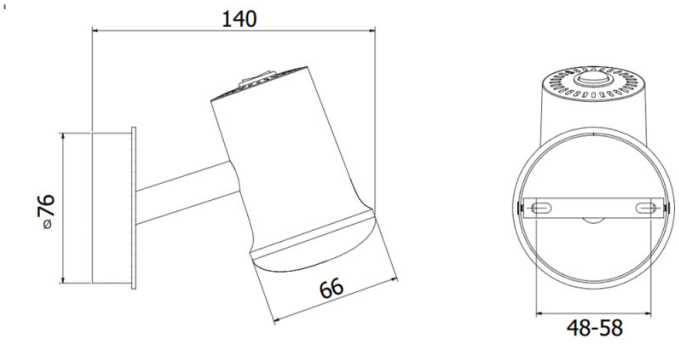

Zero Compose Wall Light

The Zero Compose Wall Light extends the modular philosophy of the Compose series to vertical surfaces. Compact and minimalist in form, it features the same cast aluminium base and shade options as the pendant version, with a choice of painted metal or glass shades in two sizes. The wall light is offered in white, black, green, or yellow finishes, with matching cable and diffuser options to complete the look.

Perfect for hallways, stairwells, or as ambient lighting in hospitality environments, Compose Wall Lights can be used singly or in multiples for a cohesive visual rhythm. Designed by Jens Fager in 2023, the wall version is as functional as it is decorative, bringing directional or diffused light to a variety of architectural settings.
