PRODUCT DESCRIPTION

Designer: Christian Juhl

HAY Drome LED Table Lamp

The HAY Drome Table Lamp was designed by Christian Juhl, a Danish product and furniture designer based in Copenhagen. Defined by its distinctive oval silhouette, Drome features an elongated elliptical form that shifts in appearance depending on the viewing angle, creating a unique and sculptural accessory. This minimalist lighting solution has an opal white finish that softly diffuses the concealed LED light source, producing an elegant ambient glow suited to a wide range of settings.

Drome also features an in-line dimmer on the cable, allowing the light output to be adjusted so you can create the ideal atmosphere for your interior. Display the HAY Drome Table Lamp in living rooms, bedrooms, dining spaces or hallways to bring a calming ambience that helps you unwind after a long day.
