PRODUCT DESCRIPTION

Designer: Aspekt Office

HAY Ono Flush Mount Light

The Ono Flush Mount Light by HAY is a functional and minimalistic design which provides ample illumination. Designed by Aspekt Office, this modern lighting solution boasts clean, symmetrical lines to create a graphic expression that makes a statement. The designers take an intuitive approach to design, combining aesthetic simplicity and high functionality to create enduring products people can relate to. The light source of the Ono Flush Mount is fitted in the centre of the silhouette, surrounded by the conical shade and creating a halo effect that results in a welcoming glow.

Available in either a small or large size, the HAY Ono Flush Mount can be fitted on either walls or ceilings and thanks to its IP44 rating, this includes bathrooms and other partially covered outdoor spaces. The unobtrusive nature of the design allows the Ono Flush Mount Light to adapt to a wide range of contemporary interiors - either individually or in clusters for larger spaces.
